

UNIVERSAL TREATMENT CURRICULUM TRAINING SCHEDULE - 2024/2025

NACADA is mandated to provide and facilitate the development and operation of rehabilitation facilities, programs and standards for persons suffering from substance use disorders. Certification of addiction professionals is one step in that direction. The objective is to ensure quality treatment and rehabilitation to persons with substance use disorders by certifying addiction professionals.

Below is a description of trainings available:

1. BASIC LEVEL

The Basic Level Universal Treatment Curriculum (UTC) consists of 8 courses that cover the broad spectrum of addiction treatment. The content and methodology of the UTC training series is designed to ensure that addiction practitioners develop a balanced perspective of the principles relating to both the science and art of addiction treatment. Each course is intended to enhance the knowledge, skills and competencies of addiction professionals, as well as promote evidence-based practice for the enhancement of service delivery and treatment outcomes.

Course 1: Physiology and Pharmacology for Addiction Professionals (20 hours)

This course presents an overview of addiction; provides an understanding of the physiology of addiction as a brain disease; and describes the pharmacology of psychoactive substances.

Course 2: Treatment for Substance Use Disorders –The Continuum of Care for Addiction Professionals (33 hours)

This course provides the foundation for learning about SUD treatment. It gives an overview of recovery and recovery management, stages of change, principles of effective treatment, components of treatment and evidence-based practices.

Course 3: Common Co-occurring Mental and Medical Disorders – An overview for Addiction Professionals (20 hours)

This foundational course provides an overview of the relationship of co-occurring mental and medical disorders, and SUD-related treatment issues.

Course 4: Basic Counselling Skills for Addiction Professionals (33 hours)

This course provides an overview of the helping relationship and opportunity to practice core counselling including basic skills in motivational interviewing, group counselling and implementation of psychoeducation sessions.

Course 5: Intake, Screening, Assessment, Treatment Planning and Documentation for Addiction Professionals (33 hours)

This course is a skills-based course that teaches effective and integrated intake, screening, assessment, treatment planning and documentation procedures to addiction professionals.

Course 6: Case Management for Addiction Professionals (13 hours)

This is a foundational and skills-based course that provides an overview of case management in SUD treatment and provides skills practice in case management functions.

Course 7: Crisis Intervention for Addiction Professionals (13 hours)

This course addresses the concept of crisis as part of life and provides guidelines for crisis intervention including managing suicide risk. It also addresses ways in which counselors can avoid personal crisis situations by providing information and exercises about counselor self-care.

Course 8: Ethics for Addiction Professionals (26 hours)

This Course addresses professional conduct and ethical behavior in SUD treatment that covers confidentiality, ethical principles and professional code of ethics. It provides the opportunity to learn and practice the use of an ethical decision-making model through case study analysis.

ELIGIBILITY

- Degree in Social Sciences, Medicine, Education or related field (Pharmacy, Public Health)
- Diploma in Addiction Counselling, Psychology, Social Work, Education and Psychiatric Nursing

The training is conducted in three phases as follows:

Phase 1	UTC 1: Introduction to the Science of Addiction UTC 2: Treatment for SUDs- The Continuum of Care UTC 3: Common Co-occurring Mental and Medical Disorders
Phase 2	UTC 4: Basic Counseling Skills for Addiction Professionals UTC 5: Intake, Screening, Assessment, Treatment Planning and Documentation
Phase 3	UTC 6: Case management for Addiction Professionals UTC 7: Crisis Interventions for Addiction Professionals UTC 8: Ethics for Addiction Professionals

In view of the above, NACADA has organized training programmes to meet the needs of Treatment professionals:
